

# Math Builder Class

Justin Soto, Teacher

Wednesdays 8/17-9/7 | 10 a.m. to 12 noon

## Introduction:

Need to refresh your skills in Algebra? Getting ready to enter Algebra? Forgotten some math over summer? Homeschooling your kids and need a math booster?

We're offering a 4 week MATH BUILDER class lasting 2 hours each, every Wednesday from 8/17-9/7.

## Perfect for:

- Students taking Algebra (or even Pre Algebra) this year and want to build a good foundation.
- Students who have taken Algebra in the past and are advancing to higher levels of math like Geometry or Algebra 2.
- Students who are taking SATs or ACTs and want to re-familiarize themselves with algebraic concepts.
- Parents who are homeschooling and want to refresh their own skills that they learned while in school.

## Some of the topics discussed

- Solving equations (from simple to complex equation solving in one session)
- Square roots and exponents
- Polynomials (like terms, adding, multiplying and dividing polynomials)
- Rectangular Coordinate System and Linear Equations.
- Area, Volume, Functions and Inequalities

## Cost:

\$80 for - (\$20 per week if you can't attend all classes)

## Location:

Classes held at River City Baptist Church, 4620 Northgate Blvd. #110 SAC 95834
